

CREATE A COLLAGE

ACTIVITY LEVEL 1 & 2

Of your Everyday Hero, traveling and being inspired by other cultures...

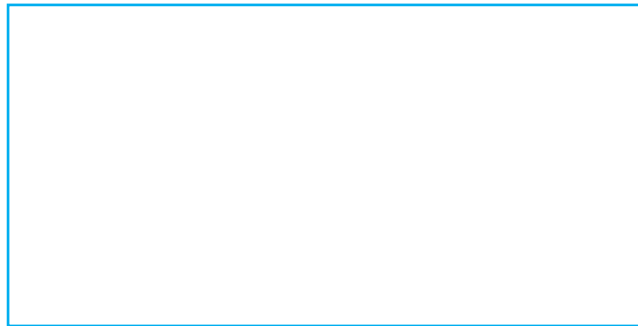

You can find pictures in magazines, print images of the Internet, look through your own photos or even draw pictures from your imagination! Instead of creating a collage, you can draw with markers and colored pencils.

Your hero

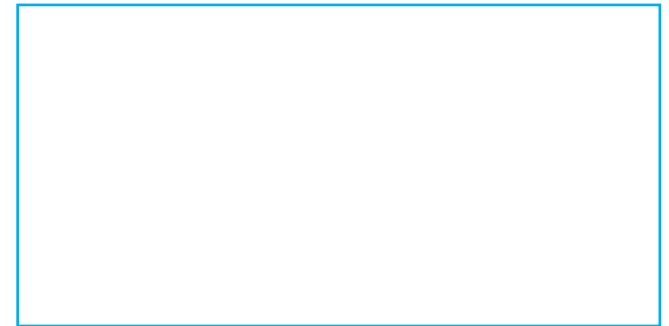

(you can paste your Hero here)

The country which he comes from

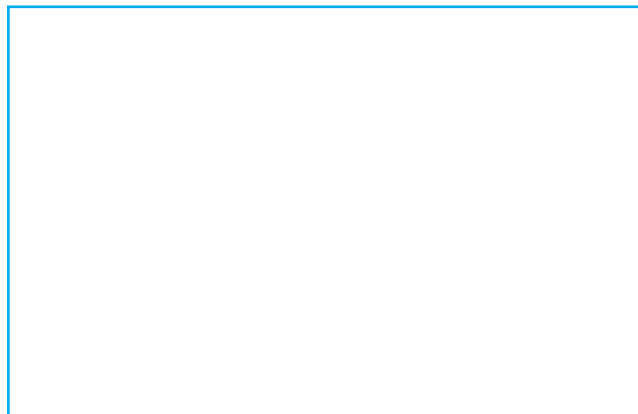

(you can paste his country's flag here)

the country where he is going

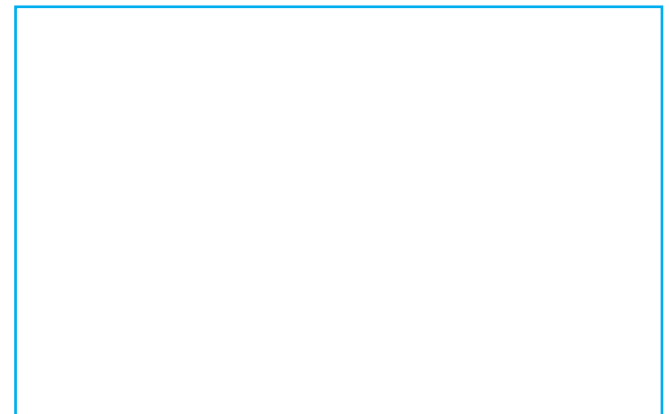

(you can paste a monument or a landscape from the country he is going to)

what he discovers in the country he goes to

(here you can paste a picture of what he discovers)

what does he leave behind in the country he visited

(here you can paste a picture of what he left behind)

YOU ARE A HERO, LIKE LORD BYRON, TODAY!

WRITE A STORY

Where do you leave from?

your country, your bed, your planet,
somewhere else?

What do you leave behind, that you do not like?

injustice, environmental pollution,
something else?

How are you traveling?

with your bike, your spaceship,
your imagination, something else?

What are you fighting for?

for justice, for the environment,
for your friends, for something else?;

What weapons are you using?

knowledge, art, love, something else?

Who are your allies?

your friends, your family,
your peers, others?
